

MOL is looking for fresh graduate talents for more than 50 positions

Growww is MOL Group's talent acquisition programme for fresh graduates interested to kick-start their careers in one of the largest companies in CEE. MOL is looking for these skills: Data analytics, Digital, Project and change management, Chemical Engineering, Circular Economists, Economists. You can apply until 31 May 2022 at <https://mol.hu/growww>

What do we offer?

- o **competitive salary & lots of development opportunities**
- o **if you are based in Hungary**, then your compensation package will include:
 - o **cafeteria, notebook & smart phone with limitless internet access,**
 - o **private health insurance**
- o **50%** contribution of the mandatory student loan repayment for employees under the age of 30
- o support in the form of a **dedicated mentor**, to help you out during the 1 year journey.

What happens during your Growww year?

- o At its start, you will receive your devices, meet your mentor, and get to know the company
- o You will attend the Onboarding Day. This is a great networking event organized for all the Growwwers, with participation of MOL Group managers. Want to know how it was last year? Check it out [here](#)
- o During the rest of the year, you will attend several live/virtual training activities, focusing both on your professional and personal skills development
- o You will also meet with fellow Growwwers on dedicated site visit as part of the Business Education Program
- o There is a Team Task Competition during the year, offering the opportunity to work in smaller teams on dedicated interesting topics for the business
- o Our aim is to retain talents, so we will offer an indefinite contract with the company to the best performers at the end of their 1 year long Growww journey.

"This year's applicants can join the MOL Group at a very varied but exciting time. New and diverse ideas are always needed for continuous development and advancement. The Growww program is a start to a professional path that can lead to an international career- countless examples within the MOL Group, and all you have to do is apply for the program. The success of the program is demonstrated by the fact that 80% of the Growers continue their careers within MOL Group after the 1 year long program ends." - said Lana Faust Krizan, HR Vice President of MOL Group.
